Many groups and organizations offer CE for participants of those programs. CE is even available online without leaving your home or office.

Why should you go through all the extra effort to attend the Annual Indiana in person NATP Conference?

## **NETWORKING**

Yes. Networking that's why! That's what we receive when attending a conference. We draw on the wisdom and experience of our peers.

Remember, experience is that which was unavailable until after we needed it! Experience is a dear teacher. Many others have had the same problems which we encounter in our practices – learn from their experience!

Use your chapter as the great resource which it is.

## New This Year at Conference

We still have our same wonderful speaker Melinda Garvin and our favorite amenities at our location.

One thing that is **NEW** this year at our October conference is our silent auction.

We have the chance to win several items all benefits the local chapter to keep great events like this coming to you each year.

If you would like to be a part of the Indiana NATP Board of Directors, please send your name to Patricia Rumschlag at [taxsuperstars@hotmail.com](mailto:taxsuperstars@hotmail.com)

Still hesitant?

Nominations may be made from the floor during the state conference.

# We need you!

## OBBBA – What you need to know

Newly signed legislation, the One Big Beautiful Bill Act (OBBBA), also known as HR.1 is undoubtedly changing the tax world as we know it. NATP offers wonderful resources to update your knowledge on these changes.

While changes and new laws are still being presented here are a few of the top individual highlights.

### Are you processing payroll for your clients?

According to the OBBBA tips and overtime now have new tax implications affecting our clients. However, payroll taxes are calculated the same way, and all deductions are taken on the personal tax returns. It's business as usual until the end of the year. Stay tuned for those W2 updates that are sure to follow.

### Credits and Deductions are changing – Are you ready?

The child tax credit is seeing a change to the \$2,200.00 per dependent and childcare expense deductions are increasing as well. New car loan interest deductions for personal returns this year. The adoption is now partially refundable for new adoption expenses. And welcome back PMI deduction. We are still waiting on additional information on the new Trump accounts for children under the age of 18. Educators get ready itemizations are back for you.

Come to the October conference to find out more on all these credit and deduction changes and find out how NATP is offering you 8 FREE CPE courses with its membership.
